GeneIQ Vaccine Direct Partners with Irving and Northwest Independent School District to Offer Free, On-site COVID-19 Vaccines to Students

The Local COVID-19 Molecular Laboratory Continues to Offer Large-Scale, On-site Vaccinations to Organizations and Facilities as the Delta Variant Continues to Spread

DALLAS, TX (July 27, 2021) – GeneIQ Vaccine Direct, a division of [GeneIQ](#), a Molecular Diagnostics company based in Dallas, has partnered with **Irving Independent School District and Northwest Independent School District** to offer Pfizer COVID-19 vaccinations to students ages 12 and up. Minors must be accompanied by an adult to receive their vaccine. The vaccines for Irving ISD will be offered on Wednesday, August 4 from 3 p.m. to 8 p.m. in MacArthur High School’s cafeteria at 3700 North MacArthur Boulevard, Irving, Texas 75062. GeneIQ will also administer on-site vaccines at Northwest ISD’s Back-to-School Event on Saturday, August 7 from 10 a.m. to 2 p.m. at 2051 Texan Drive, Justin, Texas 76247. Vaccinations will be provided at no cost to the students or the schools.

This partnership with Irving ISD and Northwest ISD is part of a larger initiative by GeneIQ following their recent commitment to supporting schools, corporations, and organizations with zero-cost, on-site COVID-19 vaccinations. To date, GeneIQ Vaccine Direct has hosted and facilitated over 100 COVID-19 vaccine events, where an on-site medical team is provided, along with a registration platform to ensure efficient processing and that all state reporting requirements are met. Patients can receive the vaccine at no cost with insurance or through the federal government program for the uninsured.

About GeneIQ Vaccine Direct

GeneIQ Vaccine Direct is committed to supporting schools, corporations, and organizations with zero-cost, on-site COVID-19 vaccinations. **GeneIQ Vaccine Direct provides on-site vaccines and boosters in a safe and convenient process at no cost to the patient or organization.** GeneIQ supplies all the medical staff and supplies with end-to-end service.

GeneIQ has been a trusted resource throughout the pandemic and has serviced over a quarter of a million patients across the nation, playing a pivotal role throughout the pandemic. They are

DSHS approved to administer COVID-19 vaccinations and have over 50 nurses on staff. GeneIQ Vaccine Direct provides on-site vaccines and boosters in a safe and convenient process at no cost to the patient or organization and supplies all medical staff and supplies with end-to-end service.

About GeneIQ

GeneIQ is a high-volume, molecular diagnostics laboratory specializing in PCR testing and PGx testing. Their state-of-the-art laboratory in the Dallas area services over 500 long-term care facilities, physician practices, state and local governments, corporations, and many organizations throughout the United States. They have created a highly efficient, automated lab process with a paperless, web-based system that provides a 24-hour turnaround time of results after receipt of the specimen. They provide real-time reverse transcriptase-polymerase chain reaction (RT-PCR) testing for infectious diseases such as COVID-19 and Urinary Tract Infections, Pharmacogenomic (PGx) molecular testing, and on-site antigen (RAPID) COVID-19 testing. The support and management teams at GeneIQ are passionate about providing the highest level of service to their clients and the healthcare industry.
